

Graph and connect the following points.

$(-6,-6)$, $(-6,-3)$, $(-5,-4)$ **STOP** Reflect over $x = -5$

$(-3,-6)$ $(-2.5,-5)$ $(-2,-3)$ **STOP** Reflect over $x = -2$

$T_{(1,0)} (-2.5,-5)$ and connect the two points.

$(2,-4.5)$, $(2,-6)$ Reflect $y = -4.5$

$T_{(-1,1.5)} (2,-4.5)$

$T_{(1,3)} (2,-6)$ Connect the last two points.

Connect $(4,-6)$, $(4,-4.5)$, $(5,-4.5)$, $(6,-4.5)$, and $(6,-6)$. Reflect $y = -4.5$
